

Please provide a brief bio telling us about your connection to Kahshe Lake and any experiences you have had that will help you be an effective director.

I have been coming to Kahshe lake since I was a kid and have owned a cottage on the Lake for 23 years. I am very concerned about our lake water quality and would like to ensure that steps are taken to ensure septic systems on the lake are being properly maintained. In this regard I have had discussions with numerous council members in the town of Gravenhurst and have suggested programs that could be easily initiated to ensure all fellow cottagers are accountable for, and taking proper steps to maintain, their septic systems.

_____ Are you a voting member or a non-voting Friends of Kahshe Lake member in good standing of the Kahshe Lake Ratepayers Association ? YES

Please tell us why do you want to be elected as a director of the KLRA?

I would like to do whatever I can to assist with ensuring the water quality of our lake is well managed for future generations.

_____ Please share with us your skills or areas of expertise that you feel benefit the KLRA

I am an entrepreneur and built my own successful company from the ground up. I have a track record of success and I am tenacious and dedicated to achieving results for things I am committed to.
